Glenoaks Monitoring Station 2009

Located at 410 South Glenoaks Street in Pahrump, this PM_{10} monitor is beside the Willow Creek Golf Course. In summer 2009, this site replaced the original Willow Creek site which was located approximately one-third of a mile to the northeast. The continuous beta attenuation monitor is sited on the roof of the wastewater treatment plant. PM_{10} monitoring commenced in October 2009.
